Getting back to business with a glorious MiB autumn season!

A wonderful start of the autumn season to you! The summer holidays are over for most of us and the return to everyday life has begun. And what an eventful autumn we are going to have. Welcome coffee -events, seminars, trainings and of course, networking and mingling with all the inspiring moms in MiB. Let's meet often and keep on creating the most family-friendly working life for all and everyone <3

Active seminar is just around the corner

The biggest active event of the year is here in less than a month, 16.9! There are still a few places available, so sign up [HERE](#) if you haven't yet.

There will be a delicious lunch in great company, news from MiB, meetings with other active members of the section, and a workshop together with active colleagues. After the seminar, it is also possible to sit in a group and continue talking!

It would be great to see you there!

At the seminar, the super actives of the year will also be announced, after all, you have already indicated which active colleague you think deserves the title. Recommend your colleague [HERE](#).

MiB is launching "I am a mom and -campaign!"

During the campaign 21st-30th of August 2023, we will share stories on our channels about what it is like to be a mother and at the same time competent and passionate in other roles as well. We hope that as many of you as possible would share your own, unique experience on the subject with us.

With the campaign, we amplify women's voices by sharing stories, experiences and achievements that expand traditional motherhood.

You can participate by sending us a picture and a short text about how you, as a mother, are already changing the world by being a mother at the same time and also something else. You can also join by tagging MiB on Instagram or LinkedIn. We also accept blog posts if the topic inspires beyond the character limits. You can also challenge others to join. Read more information on MiB's website or contact helena.kyttala@mib.fi

Check out the example social media post for the campaign below:

Mothers are needed to change the world.

I have been active as a researcher for over fifteen years, the last four years as a mother.

The task of researchers is to question and innovate: to invent new ways to guarantee future generations a sustainable future and opportunities to succeed and live a good life.

The fact that I get to fulfill myself both at work and as a parent equally supports my own resources and helps to keep the aspects of other mothers who combine work and family as well.

MiB Event concepts

When organizing events, please remember to create the event in accordance with MiB's event concepts.

You can find the concepts below and, if necessary, you can always ask employees in Slack

if you have additional questions. Thank you that MiB's event activity is flourishing - it's thanks to you <3!
